Received from Ms Heather George £555.00 in respect of a donation to Itala Foundation.

On behalf of all of the Trustees I would like to pass on our thanks to all of those involved in the fundraising, we are most grateful.

Next year, one of our targets for the Charity is to increase the number of text books available to the children and we would like to use this donation to add to some funding that we already have. This will enable us to purchase the standard English language text books that they need.

With thanks

Tony Foster
